# NOCO BOOST® CLAMPS

## START DEAD BATTERIES.™ Heavy-duty design for jump starting.

Rugged battery clamp design for most automotive, marine, RV, and truck applications.

A robust and rugged design to provide **maximum current flow** with **minimal power losses**. With the **high current carrying** ability, these Boost accessories are **no-melt** and **smoke-free clamps** that are reinforced with **all metal construction**.

UltraSafe™

Protects against reverse polarity, sparks, over-charging, over-current, open-circuits and over-heating.

### Heavy Duty Design

Our no-melt and smoke-free clamps are reinforced with all metal versus generic clamps' all plastic construction.

8<sup>AWG</sup>

Made from durable, high-performance 8AWG silicone wire that maintains its flexibility in cold weather environments.

### Universal Compatibility

Interchangeable with UltraSafe Lithium Jump Starter models: Connect directly to GB20, GB30, GB40 & GB50.

# GBC001 HD Battery Clamp

NOCO HD Battery Clamps feature a heavy-duty clamp design for automotive, marine, RV and truck applications.

**Inner Carton:**

Dimensions: 3.9"x9.0"x5.9"  
 Weight: 1.20 lbs  
 UPC: 0-46221-16005-5  
 UCC:10046221160052

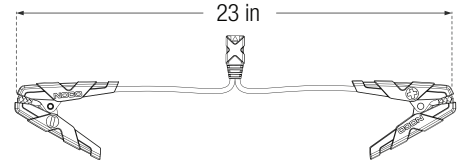

A robust and rugged design for jump starting both top and side post batteries.

### Technical Specifications

<b>Input:</b>	Boost Female Connector
<b>Output:</b>	HD Boost Clamps
<b>Length:</b>	23 Inches
<b>Weight:</b>	1.2 Pounds

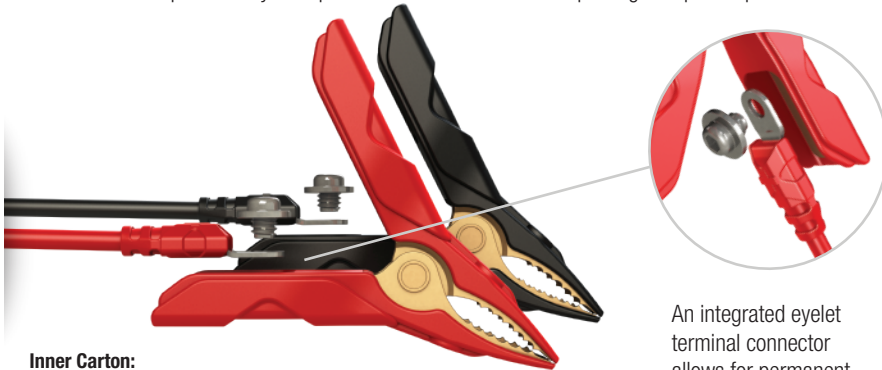

### Compatible Models:

<b>Boost Jump Starters</b>	GB20 GB30 GB40
----------------------------	----------------------

# GBC002 Precision Boost Sport Battery Clamps w/ Integrated Eyelet Connectors

NOCO Precision Sport Battery Clamps feature a needle-nose clamp design for powersport and remote battery applications.

**Inner Carton:**

Dimensions: 3.9"x9.0"x5.9"  
 Weight: 0.57 lbs  
 UPC: 0-46221-16006-2  
 UCC:10046221160069

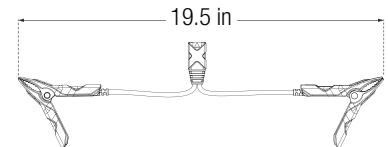

An integrated eyelet terminal connector allows for permanent battery installations for fast and convenient jump starting.

### Technical Specifications

<b>Input:</b>	Boost Female Connector
<b>Output:</b>	Precision Boost Clamps
<b>Length:</b>	19.5 Inches
<b>Weight:</b>	0.57 Pounds

### Compatible Models:

<b>Boost Jump Starters</b>	GB20 GB30 GB40
----------------------------	----------------------

# GBC003 HD Precision Battery Clamp

NOCO HD Battery Clamps feature a heavy-duty clamp design for automotive, marine, RV and truck applications.

**Inner Carton:**

Dimensions: 3.9"x9.0"x5.9"  
 Weight: 0.81 lbs  
 UPC: 0-46221-19014-4  
 UCC:10046221160052

Needle-nose design for jump starting hard-to-reach and oversized battery terminals.

### Technical Specifications

<b>Input:</b>	Boost Female Connector
<b>Output:</b>	HD Boost Clamps
<b>Length:</b>	23 Inches
<b>Weight:</b>	0.8 Pounds

### Compatible Models:

<b>Boost Jump Starters</b>	GB20 GB40 GB50
----------------------------	----------------------
